

## THANK YOU FOR AN AMAIZING YEAR!

We want to start the last newsletter of the year with a huge **THANK YOU!** We feel extremely privileged and proud for what we have accomplished together with our community in 2020. We successfully organized and launched virtual events in three main German cities (**Berlin, Munich & Frankfurt**), hosted 3 talks and panel discussions at the **Global WaiSUMMIT**, have grown the community in Germany to **400+ members** and forged incredible partnerships. As we look back upon the past year, we would like to acknowledge those who have helped us shape our community. Without your support, we wouldn't have been so successful.

Curious to know why we are so passionate about the Women in AI and do what we do? Read the editorial by our Social Media & Content Lead, Lena.

## WHAT'S COMING in 2021?

### New Chapter Launch in Bremen!

Congratulations to **Fereshta Yazadani** for taking on the city lead of Bremen, building a strong team, community and partnerships in a matter of weeks! Please stay tuned for details of the launch, as we confirm the date and details for January 2021.

### WaiACCELERATE EU 2021

We are proud to announce a historical event in Germany for addressing gender disparity in the field of Artificial Intelligence! For the first time ever, Women in AI of Germany in collaboration with team Austria are offering the WaiACCELERATE EU program for female founders in Artificial Intelligence.

Get educated by industry leaders, find mentors, meet VCs and learn about AI Design Thinking, Ethics in AI, Agile Software Methodologies, Marketing, Funding & Monetization and so much more!

If you are based in the EU and looking for an accelerator program to give you a boost on your journey to entrepreneurship- we got you covered!

## Mentorship and Educational Programs

**Mentorship program** - In September 2020, Women in AI ambassador of Germany, Sheila Beladinejad, helped and supported the launch a **WAI chapter in Ethiopia**. As a result, we have a close bond between our teams and are proud to work with them on the Mentorship pilot which will be launched in **early 2021**.

The program is targeted towards WAI members to provide them professional mentorship in areas such as career advancement, technical know-how, mindfulness & meditation. Mentors are a combination of WAI members and external experts in academia or the industry.

**Education program** - In an effort to support WAI members with Educational activities, team Germany is piloting a program to create a platform where Educators could submit their course and students can sign up easily. Courses offered by WAI members will be hands on, applied concepts, often with real life datasets conducted typically in small groups. The program will be launched in **early 2021** and will include courses such as workshops for high school students, GitHub tutorial, Predictive Analysis, Statistics for Data Science and much more!

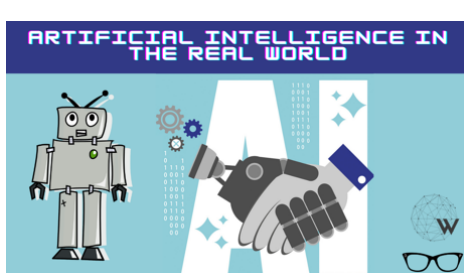

If you would like to contribute to the program or be on our related mailing list for updates please contact us at [waigermanyedu@womeninai.co](mailto:waigermanyedu@womeninai.co)

## LATEST EVENTS HIGHLIGHTS

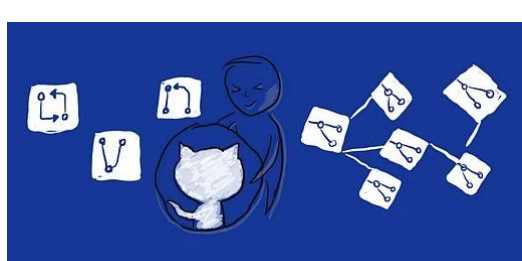

### Christmas online party with Women in Data

On December 9th, we organized an online interactive party together with Women in Data. Besides networking and games, our members Shannon Kehoe and Sarah Haq warmed up the meeting with two interesting discussion on AI & Business and AI & Ethics.

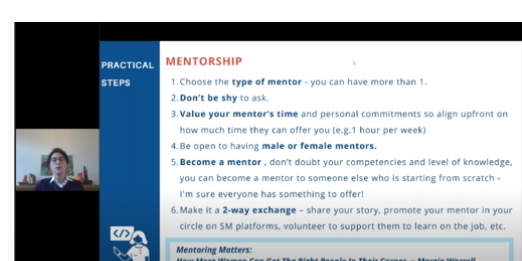

### WAI School: workshops for high school students

*Artificial Intelligence in the real world* is our first workshop for high school students created by Mirea Cartabbia and Donata Petrelli. If you are an educator, feel free to download and use the material [here](#). If you are interested in these workshops email us [waigermanyedu@womeninai.co](mailto:waigermanyedu@womeninai.co)

### Learn how to use GitHub with WAI!

Do you want to start using GitHub but you don't know where to start? Verena Gorris together with Shannon Kehoe put together hands-on advice and best practice pro recommendations. Read it [here](#).

### Watch WAI talk at the AI4EU Café

On October 7th, our German WAI Ambassador Sheila Beladinejad was a guest of the web series AI4EU Café. She provided practical steps on how to address the disparity of women in artificial intelligence from an educational and entrepreneurship perspective. Want to know more about the tips? watch her full speech [here](#).

## THANK YOU!

A special thank you goes to our partners that helped strengthen our communities throughout the year, believe in our mission and programs! We value your support and look forward to further collaboration and making a impact together in 2021! Together stronger!

Honorary mention to [DJ Raphaella Brown](#) who entertained us during out internal Christmas party!
